CONESYS – *Torrance, CA* www.conesys.com

Mil-Qualified, Mil-Modified, Filtered & Hermetic Circular Connectors: *(Divisions: Aero-Electric Connector, J-Tech, EMP Connectors, Aero Industrial Products, Conesys Europe)* A Designer/Manufacturer of a wide variety of Military Circular Connectors & Accessories Serving Military/Aerospace, Defense, Transportation, Telecom & Industrial Markets. ***Mil-Qualified:*** Mil-Dtl-38999 Ser I, II & III / Mil-Dtl-5015, Ser II (Rear Rel) & III (Front Rel) / Mil-Dtl-26482, Ser 2 / Mil-Dtl-83723, Ser III / Mil-Dtl-26500 ***Mil-Based Modified:*** EMP – Filtered Connectors / Black Zinc Nickel Plating / Integrated Rear Banding (no backshell need) / PC Tail Mounting / Protective Covers & Dummy Receptacles / Rugged RJ45 & USB / Military Based HERMETIC Connectors *(serving: CA, NV, AZ, NM)*

SYSTEMS PROTECTION (A Tenneco Company) – *Exton, PA* www.tennecosp.com

(Formerly known as: *Bentley Harris and Federal Mogul)*

Complete Systems Protection: Federal Mogul is the world leader serving the Aerospace/Defense/Military, Light to Heavy Vehicles/Equipment, Railway & Oil & Gas/Energy Markets. Federal Mogul's engineered woven/braided/knit/custom-formed products offer complete protection. Protecting air ducting, wire harnessing, fuel lines and hydraulic lines from mechanical abrasion or providing thermal shielding, EMI/RFI shielding or acoustic shielding is Federal Mogul's expertise. Products such as the variations of ROUNDIT® or EXPANDO® & others are preferred all over the world. *(serving: CA, NV, AZ & NM)*

FIRSTMARK CONTROLS – *Creedmoor, NC* www.firstmarkcontrols.com

String Position Transducers: Firstmark is a global leader in Ruggedized String Position Transducers "String Pots" utilized in over 40 countries. Firstmark offers off-the-shelf aerospace grade transducers that are all DO-160 rated. With expertise in engineering flexibility, Firstmark can tailor to suite just about any application with the highest available precision sensing engineered. *(serving: CA, NV, AZ & NM)*

HELLERMANNTYTON – *Milwaukee, WI* www.hellermanntyton.us

Moulded Shapes, Heat Shrink, Adapters & Backshells: HellermannTyton is a global leader cable harness management products worldwide. Please note: Perigee only works specifically with the HellermannTyton Moulded and Heat Shrinkable Shapes, Adapters and Backshells. (By clicking the logo to the right, the catalogs are fully viewable) Many of the HellermanTyton products are Military Certified and Approved for use in a wide variety of Hi-Rel Applications. To compliment the Moulded Shapes, HellermanTyton offers an extensive selection of adapters and backshells to compliment every solution. *(serving: CA, NV, AZ & NM)*

IEH CORPORATION – *Brooklyn, NY* www.iehcorp.com

Connectors: A Designer/Manufacturer of Hyperboloid Connectors. IEH carries Military Qualifications in Mil-Dtl-55302/21, /22, /55, /56, /57, /58, /59, /60, /61, /62, /63, /64, /138, /139, /161, /164, /190, /191, /192, /193 along with the ability for a variety of custom solutions. IEH also offers their Hyperkinetic™ High-Speed, High-Density Hyperboloid Modular Interconnects. *(serving: CA, NV, AZ & NM)*

PNA Technologies LLC – *Jamaica, NY* www.pna-technologies.com

EMI Gaskets, Seals, O-rings and Thermal Pads: : An ITAR-compliant, ISO 9001:2015 certified and registered custom converter supporting aerospace, defense, electronics, automotive, and telecommunications sectors. Their products range from EMI shielding gaskets and thermal gap pads to conductive O-rings and precision seals. *(serving: CA, NV, AZ & NM)*
